Capture Positions On Three-Mile Front

FRENCH CROSS LYS CANAL; BEGIN ATTACK ON THE SERRE

Big Offensive Starts on Italian Front, Resulting in Capture of Nearly 3,000 Prisoners in the Mont Grappa Sector and Along the Piave. German Assaults Northwest of Ghent Repulsed With Heavy Losses.

SERBS DEFEAT ATTACKS ON MORAVIA

(By United Press)

London, Oct. 25.—The Austro-Germans were defeated in strong attacks in the great Moravia valley and are retiring northward in disorder, the Serbian war office announced today.

Rome, Oct. 25.—Italian troops stormed and captured two important positions in the Mont Grappa sector and along the Piave, the war office announced today. Nearly three thousand prisoners have been taken.

Harve, Belgium, Oct. 25.—German assaults in France northwest of Ghent were repulsed with heavy losses, the Belgian war office announced today.

London, Oct. 25.—French troops in Flanders have crossed the Lys canal and captured the Deynze-Courtrai road on a front of about three miles, according to battle front dispatches received here today.

In the Serre valley, the French began an attack this morning which has resulted in the capture of Vesles, and LaFerte has been surrounded.

Slav Regiments Mutinied

Zurich, Oct. 25.—Two Slav regiments have mutinied and captured Karlovitz, according to dispatches received here today. Other mutinies are reported elsewhere. Karlovitz is in Hungary thirty miles northwest of Belgrade.

Attack North Of Laon

Paris, Oct. 25.—The French began an attack along the Serre and Sonchez rivers, north of Laon, this morning, it was announced by the war office this morning. The advance was accompanied by heavy artillery and machine gun fire.

Yanks Win New Success

With the American armies in France, Oct. 25.—The Americans have won important new successes on both sides of the Meuse.

Attacking from a two-mile front east of the river, they cleaned out four woods which were filled with German machine gun nests and are now within a mile and a half of the important village of Camvilles.

Another attack on both sides of Anton Brook drove into the new defense lines which the Germans had established.

Americans More Forward

With the American armies in France, Oct. 25.—Additional progress was made by the Americans today in heavy fighting northwest of Baulheville. Further advances also were made in the region of Grand Pre.

Twelve Americans, out off from their command in fighting east of the Meuse since Saturday, regained out lines today after hiding in shell holes and picking off Germans in several encounters.

New Offensive in Italy

London, Oct. 25.—A big offensive has been started on the Piave front

in Italy, by the British and Italians, according to a dispatch to the Evening News today.

Four armies are engaged. The attack is progressing satisfactorily. It is also learned that Italian troops have taken several islands in the Piave.

In the Mont Grappa sector, the Italians, after crossing the Ornie, have captured Mont Solarole, three miles west of Alano.

Strong Positions Taken.

London, Oct. 25.—Fighting on the battle front south of Valenciennes was resumed early this morning, Field Marshal Haig announced. Strong positions, south of Valenciennes, where the determined enemy resistance had held up the British advance, were captured.

The British driving on Maubenge, have extended the line of attack over a front of thirty-five miles, extending northward to Valenciennes. They penetrated to a depth of two miles at some points.

Field Marshal Haig reported last night that the enemy had been overcome along the whole sector between the Sambre canal and the Scheldt. Since Wednesday morning the British have taken 7,000 prisoners and more than 100 guns.

Although the allies have reached the Mormal woods, where the Germans have prepared a stubborn defense, the advance made north of this extensive wooded tract threatens to turn the enemy from his positions before he has an opportunity to meet frontal attacks. The gains between Mormal forest and Valenciennes have blighted the Germans hope to stand on the defensive along this sector of the line for any protracted period.

The British are not giving the Germans even a moment's rest. While General Byng and General

NOW IS TIME FOR DIVINE AID

Kaiser Needs It Now If He Ever Did, Berlin Newspaper Says.

Basel, October 25.—Comment on President Wilson's latest note to Germany is beginning to appear in the German papers. The National Zeitung, of Berlin, says: "President Wilson has answered quickly. Well, if ever Emperor William's invocation that God be with him is his reason, it is right now."

The Neueste Nachrichten, of Berlin, says: "In spite of everything we feel that this answer brings us nearer peace."

MORE RUSH COUNTY MEN SAFE OVERSEAS

Cards Continue To Arrive Announcing The Arrival Of Members Of 139th Artillery

SOME OF SANITARY GROUP

Cards continued to arrive today announcing the arrival overseas of Rush county men with the 139th Field artillery. They are believed to be in England because of a telegram from Lieut. Lowell M. Green of the sanitary detachment stating that his unit was there.

Errol J. Stoops, son of Mr. and Mrs. David Stoops of this city, and Thomas S. Foster, son of Mr. and Mrs. Charles Foster, both of the sanitary detachment, are among the men whose safe arrival was announced today. Cards were also received stating that Michael McCoy, Kenneth Walker, Ira Fultz and Joseph Saunders of Battery A, 139th regiment, had arrived.

FIVE QUESTIONNAIRES RETURNED TO BOARD

Registrants 18 Years Of Age And Over 37 Begin To Make Returns —S. L. Trabue Is First.

101 ARE HELD FOR SERVICE

Five questionnaires had been returned at ten o'clock this morning by registrants eighteen years of age and over thirty-seven, to whom the local army board began mailing questionnaires Wednesday. Samuel L. Trabue, who has been admitted to the artillery officers school at Camp Taylor, Ky., was the first to file his questionnaire. He made no claim for exemption because he will leave next month to enter training. He obtained his questionnaire before any were mailed. Jap Miller of 220 North Perkins street, was second to make a return. The board mailed 127 more questionnaires today.

Seven registrants were held for general military service in the physical examinations yesterday, making the total in the new class subject to call, 101. Two were rejected, one was held for limited service and one was passed and sent to the medical advisory board. Cleve Plummer, who failed to report a week ago yesterday, was examined yesterday. Two of those ordered to appear yesterday, failed to report on account of sickness.

A competent order for the induction of Paul K. Craig of Lewisville, R. R. No. 1, into the marine corps, was received by the local board today. He will report to Indianapolis if he accepts the order.

"FLU" BAN EXTENDED FOR A WEEK

Secretary of State Board of Health This Afternoon Announces Extension to Nov. 2.

SUBJECT TO MODIFICATIONS

Local Situation Regarding Epidemic is Not as Hopeful as it Was Yesterday.

20 NEW CASES BEFORE NOON

One More Death Brings Total up to Ten, Five of Which Occurred Since Sunday.

(By United Press.)

Indianapolis, Ind., Oct. 25.—The state-wide ban on public gatherings because of the influenza epidemic, has been extended to November 2, Dr. J. N. Hurty, secretary of the state board of health, announced today.

Only one change was made in the order. In case there is any county where the disease has not been epidemic for five days, the local health officials may appeal to the state board. If, after an investigation by a state official, it is found that conditions are satisfactory, the restriction may be modified in that county.

After receiving reports yesterday that led health officials to believe that the Spanish influenza epidemic had reached its peak and had started to decline in Rush county, information today from all over the county indicated that yesterday's favorable news was not such that any hope could be based on it.

Dr. E. J. Wooden, county health officer, last night reported nineteen new cases to the state board of health, the total of yesterday, and this morning reports of twenty new cases received up to ten o'clock blasted all hopes of a change for the better.

Even though the state board of health should modify the orders issued nearly three weeks ago, which is regarded as improbable, health officers declared today that it would be entirely out of the question to make any change in the orders here respecting public meetings.

Dr. J. B. Kinsinger, secretary of the city board of health, said a Milwaukee minister called him early this morning, asking church service would be permitted Sunday, and he replied that he would not. Dr. Kinsinger declared he believed it would be the height of folly to lift the ban now and undo whatever has been accomplished by the orders prohibiting public gatherings of all kinds.

Another hopeful sign of yesterday — no deaths reported — disappeared today when the report was made of the death yesterday evening of Mrs. William Orme, at the home of her father-in-law, Arnold Orme, in North Morgan street. Mrs. Orme once was thought to be improving, but her condition grew worse a few days ago. Her husband also has been critically ill with the influenza, but his condition showed some improvement today. Mrs. Orme's death is the tenth in the county directly traced to the influenza, five of which have occurred since Sunday.

AN APPEAL FOR SUPPORT

President Wilson Asks For a Vote of Confidence From Country.

(By United Press.)

Washington, Oct. 25.—President Wilson today appealed to the country for support of the democratic ticket with a vote of confidence.

In a statement addressed to "my countrymen," he said that the republican leaders have been unquestionably pro-war but anti-administration and election of a republican majority to either house would "certainly be interpreted from the other side of the water as a repudiation of my policies."

COMMENT BY WATSON ON WILSON STATEMENT

Says He Did Not Believe President Could So Far Forget The Dignity Of His Position.

COMMITTEE INSISTED ON IT

(By United Press.)

Washington, Oct. 25.—In commenting on the President's appeal to the voters to elect a democratic congress at the polls in November, Senator Watson of Indiana this afternoon said:

"It has been rumored for some time that the democratic campaign committee was insisting that the president issue such a letter and I have not been able to bring, myself to believe that he could so far forget the dignity of his position or that he could be so unmindful of the support he has received as to make such an unwarranted assault on upon so large a number of his patriotic fellow citizens."

WRONG ADVICE ON PAYING TAX BY MAIL

Fall Installment On Property Owned Outside Of Corporation Less Than The Spring.

SEND BLANK CHECK, ADVICE

County tax collections amounted to \$13,660 yesterday, which raises the necessary average daily collections for the remaining nine days of the fall tax-paying period. Taxes yet unpaid on the fall installment are estimated at approximately \$166,000.

Every person with a bank account is requested by the county treasurer and Dr. J. B. Kinsinger, secretary of the city board of health, to pay their taxes by mail so as to avoid the large crowds which generally congregate in the treasurer's office at this season of the year. This suggestion was made yesterday, but the wrong advice was given regarding the paying of taxes by mail. It was stated then that the fall installment would be the same as the spring installment, but this is true only in Rushville and the incorporated towns of the county. The fall installment of taxpayers owning property elsewhere in the county is not as large as the spring installment, because all of the road taxes are paid in the spring. The safest policy to pursue is to send a blank check made payable to John O. Williams, county treasurer, and the amount will be filled in and a receipt sent.

UKRAINIAN CABINET QUILTS

London, Oct. 25.—The British wireless press says the entire Ukrainian ministry has resigned.

CONFERENCE OF ALLIES TO TAKE PLACE

Col. E. M. House And General Bliss Will Represent The United States In Paris.

BOTH OF THEM IN FRANCE

Problems Growing Out of Germany's Peace Offer Will Be Threshed Out There

GERMANS PRESS HOPEFUL

Although Not Satisfied With Reply, Declares It Means Progress Towards Peace.

(By United Press.)

Copenhagen, Oct. 25.—The German press although not satisfied with President Wilson's reply, declares the note means progress toward peace.

The Berlin stock exchange is optimistic and prices have risen.

Washington, Oct. 25.—An important inter-allied conference is to be held immediately at Paris. Problems growing out of Germany's peace offer will be threshed out on the diplomatic front of America and Allies.

Colonel E. M. House, President Wilson's confidential advisor, who has just arrived in France, and General Bliss, representative of the America's delegation to the peace conference.

The fact that Mr. House left for Europe several days before President Wilson's final reply to Germany was dispatched is further proof that every step of the president's negotiations with Germany has been taken in full accord with the entente governments. It also is taken to indicate that decision to transmit the German plea to the allies under certain conditions was reached even before the last note from Berlin was received.

Mr. House long has been recognized as the logical selection by the President to represent him in such conferences as now are to be held. Not only is he closer to the president probably than any other man, but he is believed to be peculiarly fitted for the task at hand.

He has made frequent trips to Europe since the war began in 1914, conferring with leaders in the belligerent nations, and more than a year ago he was charged by the president with gathering data for use at the peace conference. Mr. House selected as his assistants in this work a number of experts in certain fields, and a great mass of information has been gathered. Much of it has been assembled at the headquarters of the American Geographical Society in New York, and on his last trip to that city after the first German note was received, President Wilson examined the data in company with Mr. House.

It was regarded not unlikely today that serious consideration of the form of the armistice to be offered Germany already is in progress. For that reason the details may be made known to Germany and the world within a comparatively short time. The quick response made to the plea of Bulgaria for an armistice by General d'Esperey, the allied commander on the Balkan front, was pointed to as probably indicating that the views of the military advisers of the

THE WAY TO USE VAPORUB FOR SPANISH INFLUENZA

The Influenza Germs Attack the Lining of the Air Passages. When VapoRub is Applied Over Throat and Chest, the Medicated Vapors Inhaled Loosen the Phlegm, Open the Air Passages and Stimulate the Mucous Membrane to Throw Off the Germs.

Most authorities now agree that what we call Spanish Influenza is simply the old-fashioned grip, which was epidemic here in 1889-90. The influenza germs enter through the nose and mouth and attack the lining of the air passages—nose, throat and bronchial tubes.

There is no cure or specific for this disease, but Nature will throw off the attack, if only you conserve your strength. A competent physician should always be called. The use of VapoRub does not interfere with any internal treatment and it is now being used by broad-minded physicians everywhere, in order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck, as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO AVOID THE DISEASE.

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through

coughing, sneezing or spitting. So avoid persons having colds—which means avoiding crowds—common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS.

Above all avoid colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary teakettle. Fill half-full of boiling water, put in a half teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor, with such volatile oils as Eucalyptus, Thyme, Cubebs, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and west for all forms of cold troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds, as it is externally applied and can, therefore, be used freely and often without the slightest harmful effects. (Advertisement.)

DESCRIBES RUINS IN WAKE OF FIRE

Lieut. Hubert Alexander Is With Red Cross Expedition At Moose Lake, Minn.

FRANCE COULD NOT BE WORSE

Says 700 Bodies Have Been Found In District Where He Is Located—People Burned In Cars

Lieutenant Hubert Alexander, formerly of a motor transportation school at St. Paul, Minnesota, who is now with a Red Cross relief expedition at Moose Lake, Minnesota, writes his parents, Mr. and Mrs. W. A. Alexander, of the desolation and ruin in the wake of the forest fires in the northwest a few weeks ago.

France could not be worse, writes the young lieutenant, because for about 150 square miles there is nothing except ruin with an occasional farm house that in some way was saved. He explains that after the fire started there was a tornado which swept the blaze over scores of square miles of territory faster than an automobile could travel.

"Moose Lake is about the size of Milroy," writes Lieutenant Alexander, "and about forty mile from Duluth. There are only a half dozen houses standing. Some queer things happened; brick stores burned, then probably a wooden house standing next to one of them was not even scorched. There are so many dead here as in some places, because of the lake being so close. People were warned and jumped into their machines and made for the lake. Some were burned before they reached it, and others blinded by the smoke, turned over."

"The fire is out except in the swamps where the peat is still burning on corduroy roads, but there is not anything else to burn now. About seven hundred bodies have been found around here and some of them can be picked up in a handkerchief. Sixteen people of one family were found in a gravel pit. Horses and animals are all astray and starving."

Lieutenant Alexander says that his outfit is carrying supplies out to places nearby, from Moose Lake, which is a base for that district. He says that he had to go out one night to find a truck that was lost and counted about thirty cars burned up in a distance of ten miles.

"I had to cut trees out of the road," says Lieutenant Alexander, "it was so smoky I could scarcely see. It is not so smoky here now as it was the first few days."

"Really it is impossible to describe how awful the conditions are. Whole families are destroyed or burned out and homeless. It is a lot worse than ordinary death. I saw a body yesterday that I would not have recognized as being a human if I had not been told that it was. I saw towns the size of Rushville where there was not even a chimney left standing." Lieutenant Alexander says that the authorities have several I. W. W.'s and a few Germans in jail in Duluth. It is presumed that they are suspected of having started the forest fire. The lieutenant says the soldiers on the relief expedition when they first started from St. Paul slept in their trucks at night, but that now they have tents. The Red Cross is distributing clothes and other supplies among the people of the devastated district. The home guards and motor corps are searching for bodies and acting as guards.

Just before being detailed Lieutenant Alexander, who has been instructor at the St. Paul school, had been selected as one of a small detachment to be sent to San Antonio, Texas to be trained to become an advanced instructor in motor transportation.

MRS. WILLIAM ORME DIES

Catharrhal Fever Pneumonia Following Spanish Influenza Fatal

Mrs. William Orme, age 18 years, died at the home of Mr. and Mrs. Orme yesterday afternoon about four o'clock from catharrhal fever pneumonia following the Spanish influenza, after having been ill only two weeks. The survivors are her husband, father and mother, two sisters and two brothers. The funeral will be public and will be held at the home of her husband's parents, Mr. and Mrs. Arnold Orme, in North Morgan street, Saturday afternoon at 2 o'clock, in the yard and burial will take place in East Hill. Her husband is also seriously ill with the disease.

FAIRVIES BOY SUGGUMBS

Priv. Clyde Allison Dies At Embarkation Port With Pneumonia.

The body of Clyde Allison who died Wednesday night at Mineola, Long Island, New York, from pneumonia following an attack of the influenza was expected to arrive some time today in Richmond. His parents, Mr. and Mrs. James Allison of Fairview went to Richmond this morning and will accompany the body to their home. Private Allison was waiting in New York for embarkation overseas, when he was taken ill. All during the two weeks he lay sick his wife, who is a trained nurse, was at his bedside. The survivors, besides the widow are his parents, and two brothers, one being stationed at a camp in Texas. No arrangements have yet been made for the funeral services.

FIRE PREVENTION DAY NOVEMBER 2

Mayor Irvin Is Requested To Appear Committee To Arrange For Local Celebration

INFLUENZA MAY HINDER IT

Mayor A. B. Irvin, in common with every other mayor in Indiana, has been requested by the state fire marshal to appoint a fire prevention day committee to complete local arrangements for the celebration of fire prevention day, which will be observed this year on November 2, instead of October 9, the anniversary of the great Chicago fire. Fire prevention day was postponed at the request of federal officials to prevent a conflict with the Liberty Loan.

Governor Goodrich has issued a proclamation designating November 2 as fire prevention day, but it is possible that the date may again be postponed because of the likelihood of extending the ban on public meetings due to the epidemic of Spanish influenza.

Fire prevention day, the day set apart for the purpose of devoting special attention to the subject of fire prevention, will be observed by the people of many states on that day. In Indiana, the state fire marshal is endeavoring to enlist the help of school officials, municipal officers, civic bodies, churches and other organizations for causing a general observance of the day.

NO MORE CATARRH

A Guaranteed Treatment That Has Stood The Test of Time

Catarrh cures come and catarrh cures go, but Hyomei continues to heal catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous sales of this really scientific treatment for catarrh grow greater, and the present year should show all records broken.

If you breathe Hyomei daily as directed it will end your catarrh, or it won't cost you a cent.

If you have a hard rubber Hyomei inhaler somewhere around the house, get it out and start it at once to forever rid yourself of catarrh.

Johnson's Drug Store, or any other good druggist, will sell you a bottle of Hyomei (liquid), start to breathe it and notice how quickly it clears out the air passages and makes the entire head feel fine.

Hyomei used regularly will end catarrh, coughs, colds, bronchitis or asthma. A complete outfit, including a hard rubber pocket inhaler and bottle of Hyomei, costs but little. No stomach dosing; just breathe it. It kills the germs, soothes and heals the inflamed membranes.—(Adv.) 6

Acid-Stomach Victims Sickly, Weak, Unfit, Depressed

Maybe you have an acid-stomach, and don't know it. There are millions of such people—weak, ailing, tired, worn out and "all in" before the day is half gone—listless and indifferent to their surroundings—often with aches and pains all over the body—woefully lacking in physical power and mental vigor—pale, emaciated—just dragging out a weary existence. Nine out of every ten of these people are unconscious victims of acid-stomach.

Thousands upon thousands of people who are subject to attacks of indigestion and biliousness; who are nervous, melancholy, mentally depressed; who suffer from constipation, hiccups or flatulencies, even many of those who have catarrh, ulcer or cancer of the stomach—if the trouble is traced to its source, it will often be found to be just acid-stomach. For these are only some of the ailments that are caused by what the doctors call "superacidity," which is another name for sour or acid-stomach.

What you want to know above all else is how to quickly rid yourself of excess acid. A wonderful modern remedy called EATONIC liberally wipes it out. It does the work easily, speedily and naturally. It makes the stomach pure, sweet, cool and comfortable. It aids you get full strength out of every mouthful of food you eat; and unless you DO get full strength from your food you cannot enjoy robust, vigorous health. You eat to LIVE. Your life depends on the strength you get from your food. There is no other way.

EATONIC is a pleasant-tasting tablet form—just like a bit of candy. We urge you—no matter what you have tried—take Eatonic just one week and find out for yourself how wonderfully improved you will feel. See how quickly EATONIC banishes the immediate effects of acid-stomach—bloat, heartburn, belching, food-repeating, sour, gassy stomach, indigestion, etc. See too, how quickly your general health improves—how much more you make of your food—how much more easily it is digested—how soundly you sleep—how nervousness and irritability disappear. And all simply because by taking EATONIC, you have rid your stomach of a lot of excess acid that has been holding you back and making your life miserable.

EATONIC is absolutely harmless. It can be taken by the most delicate. Tens of thousands of people who have used it are enthusiastic in its praise.

The wonderful modern remedy is absolutely guaranteed to you run no risk in giving EATONIC. Obtain today—a big box with our positive guarantee that if you are not pleased in every way, you get your 50c back. You know your druggist—and you can safely trust him to make this guarantee good.

HERE'S QUICK RELIEF FOR YOUR TIRED, STRAINED MUSCLES

When your muscles become tired and swollen, and the joints become stiff, your circulation poor, and your suffering makes you irritable, an application of Sloan's Liniment gives you quick relief—kills pain, starts up a good circulation, relieves congestion. It is easier and cleaner to use than musky plasters or ointments, acts quickly and does not clog the pores. It does not stain the skin.

For sprains, strains, bruises, "black and blue" spots, Sloan's Liniment reduces the pain and eases the soreness. Certainly fine for rheumatism, stiff neck, sciatica, lame back, toothache. You don't need to rub—it penetrates. Its use is so universal that you'll consider Sloan's Liniment a friend of the whole family. Generous size bottles at druggists everywhere.

Sloan's Liniment

KILLS PAIN

Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

Wm. E. Bowen Garage
306 N. Main St.

—Mrs. Lola Havens spent the day in Indianapolis, on business.

—Mr. and Mrs. Alva Harrold and son Aaron, motored to Indianapolis, this morning.

—Mrs. Ralph Kennedy was a visitor in Indianapolis, and will be the guest of friends.

—Mrs. Rebecca Cowan of Milroy, is the guest of Mr. Jane Kincaid in North Morgan street.

—Miss Mary Cavendel of Indianapolis, returned to her home this morning after visiting relatives in Milroy.

—Sergt. George Myers of Bloomington, Delaware is here on a furlough as the guest of his parents, Mr. and Mrs. J. W. Myers.

—Mr. and Mrs. Frank Selter of Huntington, Ind., spent last evening here as the guests of Mr. and Mrs. Will Dill and Mrs. Sarah Guffin. Mrs. Selter is the state regent of the Daughters of the American Revolution.

—Frank Donnell of Greensburg, was a business visitor in this city this afternoon.

—Mrs. John Hiner of West Second street, has been called to the bedside of Mrs. Tom Hiner of Indianapolis.

—S. Rosenblum a traveling salesman of Cleveland, Ohio, was a visitor in this city yesterday, and left this morning for Indianapolis.

—The Rev. D. Lee Aultman and Harry Aultman and family, left this morning for their home in Cincinnati, Ohio, after spending the week-end here as the guests of Mr. and Mrs. G. T. Aultman in First street.

Days Pickings

Harry Schmalzel, who has been ill with the influenza, is able to be out again.

Mrs. Roy Alexander, who has been ill with the influenza, is slowly recovering.

Herman J. Osborne is seriously ill at his home in West First street, with the influenza.

Deputy Sheriff Will Spivey is ill at his home in East First street, with the Spanish influenza.

Mrs. Viola Sullivan and sons Robert and Dennis, who have been sick with the influenza, are improving.

Mrs. Bert Osborne is suffering from an attack of the Spanish influenza at her home south of the city.

A ten pound boy was born to the wife of Cleatus Wagoner yesterday morning. The child has been named Elmer Louis.

Captain Frank Gipson of the Salvation Army, is ill at his home at the corner of Seventh and Sexton street, with the influenza.

The claim of Ethel L. Krammes against herself as administratrix of the estate of Otto E. Krammes, has been placed on the issue docket in the circuit court ready for a hearing.

A marriage license has been issued to Miss Corene M. Reed, daughter of Mr. and Mrs. Edward W. Reed of this county, and John O. Banghman of Shelbyville, son of Mr. and Mrs. S. W. Banghman.

With The Churches

—First Baptist Church; C. J. Bunnell pastor. The ban is still on against the influenza epidemic and we must give up our Sunday services. The Baptist church will be open for worshippers from nine o'clock in the morning till eight in the evening. Those wishing to spend a short time in prayer can do so. We suggest, however, that not more than five or six people should be in the church at any one time. To assist these silent worshippers in their devotion the pulpit bible will be found at the church door and opened at an appropriate passage of scripture. This is a time, of all times, when people should earnestly seek the Lord that this awful plague may be removed from our people.

Flights
Father—"Money has wings and house rents make it fly."
Son—"Yes, and some house have wings, for I've seen many a house-fly."

Father—"You're smarter than your dad, my son, but I always thought that no part of the house but the chimney, fly."

AFTER THE GRIPPE

To regain your health and strength again you must take a tonic and for this purpose the Medical Profession is prescribing Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphate in some form. Many preparations containing Iron are very constipating, but this is overcome by the addition of Aloin in Chase's Blood and Nerve Tablets, which contain all of the above tonic remedies. In these Tablets you have all that is good in tonic medicines without any harmful effects. They are safe and sure health builders and at this particular time it would be hard to over estimate their value.

Weigh yourself before taking them and see what you gain in weight and strength.

Nearly all druggists sell Chase's Blood and Nerve Tablets at sixty cents a box. Special money order.

CALL FOR DRAFT MEN IN THE NAVY

Postmaster Hunt Receives Bulletin Regarding Opportunities For Inductions:

ANY CLASS IS ACCEPTABLE

Men With Special Qualifications Are Wanted To Enter General Service Or Aviation.

Postmaster G. P. Hunt has received word from J. A. Bell, commander of the U. S. navy and a mobilization officer, that the first navy call for individual induction for selective service men has been issued and that a prompt response is desired. The call is for all classes of military registrants, who are fitted for certain trades, which are specified in the call. They will be inducted into the general navy service or the navy aviation service.

Applicants for induction, who believe they are fitted for any of the trades mentioned, must present themselves at the mobilization substation at the federal building, Indianapolis for professional and physical examination. They will have to go to Indianapolis at their own expense as transportation can no longer be issued in accordance with a recent ruling made by the navy department. The call stated that it is essential that the applicants for induction have with them the names of their local army board and their serial and order number in the draft. Men fitted for the following trades are wanted:

Machinists and gas engine workers and affiliated trades, including machine shop operators in their various specialties.

Cutters and fitters of cloth, canvas, leather or sheet metal.

Painters, general, sign, carriage, wagon and automobile; interior decorators, furniture finishers, riggers, paint mill workers, etc.

Carpenters and affiliated trades, including men experienced in wood work; cabinet, piano, stair and boat builders; mill workers, coopers, etc.

Registered pharmacists or experienced drug clerks.

CHARLES MARTS IS DEAD

Well Known Man In This County, Having Lived Here For 37 Years

Charles Marts, age 66 years, died at his home in Circleville, this morning at 9:22 o'clock. An autopsy will be held to determine the cause of his death. The deceased was born in Knightstown, Indiana but had lived in this county for thirty-seven years. His death comes as a great shock to his many friends and relatives. Mr. Marts was a member of the Baptist church and also was a member of the Odd Fellows lodge. He had been employed in the Lums-Pearce furniture factory for the last thirty years. The survivors are one son, Orie Marts of Huntington, Indiana, two grandchildren, Carl and Frances, and one daughter, Mrs. Frank Nettlesham of this city. His wife died about a year ago. The funeral services will be private and will be at the house Sunday afternoon at two o'clock and burial in East Hill.

GANGRENE PROVES FATAL

Mrs. William Abrams Dies Of Poisoning Caused By Scratch

Mrs. Wm. Abrams, age 51 years, died at her home, 618 West First street this morning about two o'clock from gangrene of the foot. The deceased is survived by her husband and six children. The funeral service will be private and will be held tomorrow afternoon at 2 o'clock at the house with the Rev. Father M. W. Lyons officiating, and burial in the Calvary cemetery. Mrs. Abrams suffered a slight scratch on one of her toes, which resulted in blood poisoning developing. Two of her toes were amputated to no avail in an effort to prevent gangrene.

The Worst Yet.

SAYS THEY GAVE GERMANS HOT TIME

Mechanic William H. Kennedy of Co. B, 6th Infantry, A. E. F., Writes Uncle Here

LEAVES TRENCHES FOR REST

That his unit gave the Germans a hot time while they were in the trenches, is the declaration of Mechanic William H. Kennedy, Company B, Sixth Infantry, formerly of this county, in a letter to his uncle, Albert Kennedy, Rural Route No. 9, Rushville.

"I am writing to let you know that I am well and hope you are all the same. I have just come out of the trenches for a rest," says Private Kennedy. "I have been feeling fine all summer and have had a good time. We had a battle with the Germans the other day and believe me we gave them a hot time."

"Have many of the boys gone to the army from there? This is a beautiful country over here but the people are very queer. I will be glad to get back to the good old U. S. A. again. There is no place like home to me."

IS GORED BY BULL

Greensburg, Ind., Oct. 25.—J. H. McKinstry, financial manager of the Victory Tractor Company here, was gored severely by a bull yesterday afternoon on the farm of William Penley. He was crossing a field when attacked by the bovine. Mr. McKinstry was rushed to the Methodist Hospital at Indianapolis.

A STITCH IN TIME

Rushville People Should Not Neglect Their Kidneys

No kidney ailment is unimportant. Don't overlook the slightest backache or urinary irregularity. Nature may be warning you of approaching dropsy, gravel or Bright's disease. Kidney disease is seldom fatal if treated in time, but neglect may pave the way. Don't neglect a lame or aching back another day. Don't ignore dizzy spells, headaches, weariness or depression. If you feel you need kidney help begin using the reliable, time-tried remedy, Doan's Kidney Pills. For 50 years, Doan's have been found effective. Endorsed by Rushville people.

Mrs. Joseph Doll, 526 W. Fifth St., Rushville, says: "At times my back was so weak and lame I had to stay in bed. It also ached intensely and my kidneys were very irregular in action. Every time I have been this way, I have used Doan's Kidney Pills, procured at the Court House Drug Store and they have never failed to relieve me after taking a few boxes."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Doll had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

Pull Up The Shade

Photographer—"Is there any particular way in which you would like to be taken?"

Mr. Johnsing—"Yes, sah, if dere's dejection, I'd like to be taken a light cream color."

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Free Trade With Germany

Free trade with Germany after the war! That is what we must submit to if the principles of peace as laid down by Mr. Wilson are to be followed. One of the conditions of an enduring peace, the President prescribes in his language: "The removal, as far as possible, of all economic barriers, and the establishment of a neutrality of trade conditions among all the nations consenting to the peace and associating themselves for its maintenance." Germany, of course, will "consent to the peace." It also will be associated with our nations in its maintenance. Every country signing a peace treaty is presumed to agree to its conditions and to abide by them. So, then, if Mr. Wilson is allowed to have his way the United States will be prohibited from erecting any "economic barriers" against Germany, and this country will be committed to a "neutrality of trade" with her.

Let us pause and reflect just what the adoption of that policy would mean to us. Immediately upon the conclusion of peace the ports of the country would be thrown open to the manufacturers of Germany without limit. There is no extent to which that country will not go after the war to recapture her lost mar-

kets throughout the world, and particularly in the United States. Some of the allies have already announced their intention to boycott German goods. If that is done the United States will be the only great nation to which Germany can turn for a market for her manufactures. Prices will be fixed at any figure necessary to secure the trade, and drive out of business the industries that have been born in this country as a result of the war. Dyestuffs, ceramics, toys, and every other article of former German manufacture that our factories are now beginning to turn out in ever-increasing quantity, will come from Germany in such quantities and at such prices that the product of American labor will not be able to compete for a moment, and will be forced to the wall in short order.

Instead of collecting an indemnity from Germany for the life and treasure she has forced from the United States, the Germans will be in a position to indemnify themselves from us to an unlimited extent.

Million Barrels "Gas" Saved

A striking example of the willingness of the public to respond to every request to conserve material needed by the Army and Navy is shown in the results of "gasolineless Sundays." The request of the United States Fuel Administration to automobile owners in all the States east of the Mississippi River to discontinue Sunday driving until a reserve supply of gasoline could be built up effected a saving of more than 1,000,000 barrels which may be used for war purposes.

The request to save gasoline was issued on September 1 and withdrawn on October 17. Thus in a period covering seven Sundays there was an average saving of about 143,000 barrels for each Sunday. While the request for further saving at this time is withdrawn, it is pointed out by the Fuel Administration that if at the end of two weeks stocks are found to be dangerously low it may be necessary to again ask the public to put the voluntary plan into effect.

THIS DAY IN THE WAR

October 25, 1917.
Berlin announces 10,000 Italians captured.
October 25, 1916.
French take Donamont fort, Verdun.
October 25, 1915.
French defeat Bulgars at Krivolak.
October 25, 1914.
Italy lands force at Avion, Albania, ostensibly for sanitary work.

crease in stock of gasoline on hand east of California during the last month, notwithstanding the large amount saved. On September 16 there were 2,949,640 barrels of motor gasoline and 340,883 barrels of aviation gasoline in storage, and on October 14 the stocks on hand were 3,134,731 and 166,369 barrels, respectively. This is the entire reserve stock, including that stored at interior points.

While the peak load of domestic consumption is believed to be passing, the Fuel Administration is considering the question of further conservation should this become necessary. Meantime, the public is urged to save gasoline during week days by eliminating every wasteful method and cutting down their average normal week-day consumption by at least 15 or 20 per cent.

Germans Oppress The Poles

The Germans have made every effort to terrorize the Poles. According to reports from the province of Siedlovoiz, the rule of the so-called Etappen Commandants in that district has been characterized by all sorts of excesses.

All men and women capable of doing physical labor have been forcibly removed to Prussia. Commissions were even sent out to bring in all the boys and girls, of whom hard labor is demanded by the Germans from three to five days of each week. Prior to the arrival of these commissions, the populace began to hide, and orders were issued forbidding them to enter the woods. Young girls, sometimes spent the night in rye fields.

Aside from the hardships of forced labor, taxes of all descriptions have been levied on the people. In addition to ordinary taxes, a general poll tax of 25 marks per head is required and priests are taxed 3 marks every time they visit their parishes. The civilian population is obliged to doff its headgear to officers and failure to obey this rule entails a penalty of 10 marks. Even the refugee's houses have been commandeered, and a penalty of 10 marks is required before a house will be allotted to them.

Also, priests who tore down proclamations from their church walls were imprisoned for three weeks or more. The peasants in a certain village raised 1000 rubles as bail for the release of the priests, but they were held up for 500 more. Then the townspeople were informed that it was not bail but a fine, and the priests still languished in the jail.

No Man's Land has generally been thought to have been "situated" in France between the front line trenches; but some wise sage has come forward with the thought that the first No Man's Land was in woman's suffrage headquarters.

The dominating thought in the German mind just now seems to be that peace has its victories no less renowned than war.

The opinion of America seems to be that the best peace argument we can make is war—war until Germany comes to our terms.

Cheer up little Thrift Stamp, don't you cry. You'll be a War Stamp by and by.

Will power is too often mistaken as won't power.

It may be tough to pay 35 or 40 cents a pound for beefsteak, but it's a lot tougher when you pay only 25 cents.

We must release some of the ships formerly used in the sugar trade to carry our soldiers and supplies to Europe. Draw your own conclusions about the sugar trade.

FIGHT CENTERS ON CONGRESSMEN

Absence Of State Issues One Of Main Reasons For Apparent Lack Of Interest in Campaign.

DISTRICT FIGHTS ATTRACT

Interest Centers in Second And Fifth Where Special Campaigns Are Being Made

Indianapolis, Oct. 25.—One of the main reasons for the apparent lack of interest in the present political campaign, according to the belief of political leaders here, is the absence of state issues for the contest. Practically the entire fight is being waged over the congressional delegation.

The only thing which has served to bring the fact to the voters' attention that state officials would also be chosen this year, was the statement issued by the Indiana Dry Federation pointing out the attitude of various candidates for the legislature on the liquor question.

In the congressional campaign the chief interest seems to be in the second district where Fred Bays and his democratic supporters are making a desperate effort to unseat Oscar Bland, republican.

Ralph Moss in the fifth district is also making a strong appeal to the democratic voters to return him to congress in place of Everett Sanders, republican, who was elected in 1916. The republicans have been placing a great deal of stress on Moss' votes against an increased army and navy when he was a member of the lower house before the war.

The soldiers vote will not cut as much of a figure on Nov. 5 as was first expected. Only 6,171 were registered at the various army camps and it is believed that not more than one-half of these will be able to vote. They are constantly changing from one camp to another and some will undoubtedly have left for France by election day.

On account of the ban against public meetings because of the epidemic of influenza the campaign orators are planning to make the most of their opportunities the few days remaining before election.

The best spell binder of both parties are booked to speak in the state before the campaign closes. Thomas R. Marshall, vice president; United States Senator New, Watson and Lodge and former United States senator Albert Beveridge will probably be the headliner.

No Grounds For This

Teacher—"Your answer is about as clear as mud."

Pupil—"Well, that covers the ground, doesn't it?"

Only Left It A Comb

"Mama," said Bobby, "when you told the new cook to dress the chicken, she started to undress it."

Barrage

Every Little Pit

Every little pit added to what you've got
Makes just a little pit more;
Harsh was the lesson, but we know today
That two and two make four.
Save up your peach-pits, hoard every shell,
We'll give the Yanks their gas masks
And they'll give the Heinies—well,
Every little pit added to what you've got
Makes just a little pit more.

Red Cross in Dairying

The Red Cross is going into the dairy business in France. With \$5,000 set aside for the purpose and with 1,000 cows loaned by the French government, a model dairy plant will be established at the largest American army hospital in France. The dairy will be operated by convalescent soldiers. Fresh milk daily for 20,000 injured fighting men is expected. Similar dairies at all of the French base hospitals are contemplated.

Two of the most important cotton products take their names from Asiatic towns—muslin from Mosul and calico from Calicut.

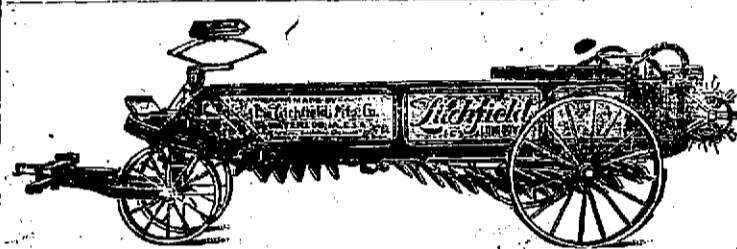

Intestinal and Stomach Worms

are the most common of hogs and pigs and they multiply very fast. It is easy to tell the pig that is loaded with worms. The hair is rough, has little or no appetite, coughs more or less and goes backward every day. Thousands of pigs and hogs die from worms every year. This can all be prevented by feeding ACME WORM BOUNCER from birth to maturity.

PHONE 1506.

Assemblers vs. Manufacturers.

A FACTORY is a place where things are MADE. Some so-called factories are merely assembling plants where they put together, what other real factories build.

The factories where the "RUSHVILLE SPECIAL" Spreaders are built produce these machines direct from the raw material. Every part and piece going into these machines with one exception, the steel chain, is made from the raw material in the Litchfield Factories. Pig-iron, steel, raw lumber—these are the things that go into the Litchfield Factories and the completed machine comes out.

Our customers will be surprised to find how many "factories" depend on other factories to produce many of the parts and pieces that go into the machines they produce. The Litchfield Factories make their own steel castings, their own steel wheels, their own bolts, their own seat springs, their own coiled rolled shafting. In fact everything in this spreader is under the direct building control of the Litchfield Organization and this means a KNOWN quality such as it would be absolutely impossible to produce if the machine were built in a half dozen different plants and assembled in another one.

This is one of the important reasons why this machine can be sold under the liberal guarantee which we place behind it. Come and see it.

C. H. Tompkins

RUSHVILLE, INDIANA.

LOST!—\$5,000,000,000.00

In a recent bulletin, issued by the largest manufacturer of farming implements in the world, the company insists that the above amount, or 30 per cent of the gross income of the farms is lost—ALL OF WHICH CAN BE SAVED.

Among the items enumerated are the following:

Waste of Cornstalks Left in Field instead of being Put in Silo

Waste of Manure instead of conserving same in Concrete Pits

Depreciation of Farm Machinery through failure to Properly House Same

Waste of Feed on account of not having proper Feeding Floor

While the local conditions are far above the average over the country, there is no doubt that if every farmer in Rush County would heed the above warning that enough MONEY WOULD BE SAVED to float our share of the NEXT LIBERTY LOAN.

PROTECT YOUR HIGH PRICED MACHINERY WITH PROPER BUILDINGS.

SAVE YOUR FEED WITH CONCRETE FEEDING FLOORS AND AUTOMATIC FEEDERS.

SAVE YOUR WASTED CORN STALKS WITH SILOS NEXT YEAR.

PROTECT YOUR MANURE WITH CONCRETE PITS

SAVE THE PIGS WITH SUNLIT HOG HOUSES.

HEED THE ABOVE ADVICE AND INCREASE YOUR INCOME TAX.

Pinnell-Tompkins Lumber Co.

PRAISES DEVOTION OF MEDICAL CORPS

Major Karl T. Brown Writes Brother-in-law, Chauncey Duncan, Of Wonderful Work Done.

SAYS SHERMAN WAS WRONG

Hell Is A Kindergarten To Days And Nights In Trenches During A Great Drive.

The wonderful devotion of the personnel of his medical detachment under fire is praised in a letter from Major Karl T. Brown to his brother-in-law, Chauncey Duncan, which

has been received here. How they risk their lives during attacks to save the lives of soldiers is told with pride by their commander, who also graphically describes the terrible nights and days of battle.

A type-written letter from the trenches is rare, but Major Brown's is carefully typed just as if it came from some well regulated office. "Somewhere in The Trenches, September 23rd, 1918", is the heading on the letter, which in part is as follows:

I was indeed glad to hear from you and wish you would consider that it is hard to write over here and that you would write soon and often. I am writing this by candle light in my dugout which we took over from the Boche on the recent drive when our regiment went over the top with honor to the state from which it came and with credit to itself.

That was a great drive that started on the 12th and of which you have no doubt read and I am more proud than ever of the good old regiment and my faithful and efficient Medical Detachment and when I was asked a day or two ago which ones of my officers and men showed special bravery etc., during the battle I answered each and every one of them. Wish I could write you of those days and nights but will reserve it until I see you but Sherman was wrong when he said war was hell for Hell is a kindergarten to what those days and nights were and as I came across no man's land and was knocked down by the concussion of shells, I had a full realization of what war is like and was truly thankful that I was spared to administer to those not so fortunate. We not only had the fire to the right and left and in front but there was the Boche planes battling our planes above us and they did not hesitate to turn their machine guns below on us as I was crossing no man's land in the thick of it, I looked into a trench recently vacated by the Boche and saw one of my faithful detachment men had established himself an aid station and had wounded men around him, to which he was administering regardless of the fire all around him, and never once did he seem to notice the danger but stuck to his post, thereby saving many a wounded man. That is what I call bravery.

I have seen some interesting country since I last saw you and have visited some interesting and historical cities, all of which I would like to write of but can not at this time; yet I have written more or less of these interesting places in a way to Mae who has no doubt told you some of it.

I look forward with pleasure to the time when the war is over and I can travel some of this beautiful country over again under normal conditions and also look forward to the time when I can be back with you all and talk of what I have seen. It is a great work and while many of us would rather be at home now, none of us would be out of it if we could so long as our service is needed, and we are all doing our little mite to make the world safe to live in.

DECIDED DECREASE IN DAY'S CASUALTIES

Five Hundred And Thirteen Names Are Reported By The Commanding General For Today

FOUR WOUNDED SEVERELY

Washington, Oct. 25.—Five hundred and thirteen names are listed in today's casualty reported by the commanding General to the war department, of which there are 22 killed in action; 13 missing in action; 11 died from wounds; 6 died from diseases; 3 died from accidents and other causes; 186 wounded (degree undetermined); 169 wounded slightly; 4 prisoners; 2 died of airplane accident.

Only seven Hoosiers are listed in as follows: today's report and they are divided Wounded severely—Private William H. Byrd, Leavensworth; Private Louis A. Gype, Elkhart; Private George Purkhiser, English; Private Earl Pebernast, Anderson. Slightly wounded—Private Carl G. Squires, Ft. Wayne. Missing in action—Private Bert A. Nordblad, South Bend. Wounded (degree undetermined)—Private Clarence C. G. ...

WAR WORK

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick or, in emergencies, the wounded. You can learn a great deal by obtaining the "Medical Adviser," a book of 1,000 pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Babe, 200 prescriptions for acute and chronic diseases; profusely illustrated by wood cuts and colored plates. Ask your druggist or send 50c. to Publisher, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

Laporte, Ind.—"Eighteen years ago I first became acquainted with Dr. Pierce's Favorite Prescription. It was during expectancy and I was very frail and delicate. But the 'Favorite Prescription' strengthened me and I had comparatively no suffering. My baby was a strong healthy girl and has always been fine and healthy. For the expectant mother I think there is nothing to equal 'Favorite Prescription.'"

"The Pleasant Pellets" I keep in my medicine chest for immediate use and feel that I could keep house without them."

—Mrs. Minnie McGregor, 612 Clement St.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it is no longer a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent, lithia-water drink, which quickly relieves bladder trouble.

CALLED to SERVE

Calumet Baking Powder was picked for Army and Navy bakings.

— because it measured up fully to the Government's requirements.

— because it is a baking powder so perfectly made it produces pure, wholesome bakings.

The Stamp of Government approval leaves no question as to its quality and should prompt you to immediately purchase a can of

CALUMET BAKING POWDER

One spoonful of Calumet will positively do the work of two spoonfuls of most other brands. You use only a level spoonful to a cup of flour. With most other brands you use twice as much.

Calumet never fails—stops all bake-day losses—reduces bills for baking ingredients. The great savings of Calumet are shown in these results.

Calumet is the most modern and wonderful Baking Powder on the market today.

**You Save When You Buy It
You Save When You Use It**
You save materials it is used with

Try it—prove for yourself the truth of these statements, and learn why it is the biggest selling brand in the world today.

Other baking powder manufacturers may say what you can save. We show you—we prove it. You can actually see the saving.

By using Calumet you get the greatest true economy.

**SEND FOR FREE CALUMET
WAR-TIME RECIPE BOOK**

It contains scores of selected recipes that will help you greatly in the use of corn and other coarse flour.

Children's Ailments

DISORDERS of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

MARTIN

Save For Uncle Sam

You have worked hard to grow more corn and grain this year. Every bushel raised represents extra toil. Are you going to lose the results of your efforts by storing in rat-infested cribs? Very little money is needed to secure full protection for your crops. In fact, the corn destroyed by rats will pay for the MARTIN CRIB. Write for descriptive matter and let us show you CORN SAVER how to save for yourself and Uncle Sam.

FRENCH CROSS LYS CANAL

Continued from Page One

Rawlins are pushing eastward south of Valenciennes. General Horn's army is storming the enemy's prepared defenses north of that city, and at the same time acquiring all the advantageous positions on the west bank of the canal, which has been crossed at several points.

Engineers have been compelled to build an unequal number of bridges as the result of the Germans cutting the banks of the canal and flooding wide areas north and south of Valenciennes. The artillery firing across the flooded areas loosed a storm of shells such as has seldom been seen since the days of regular trench warfare. The bursting shells spouted up the water to great heights, giving the impression of a naval battle.

The Germans replied as best they could, but it was a sorry demonstration, illustrating once more the allies' complete preponderance in guns and ammunition.

FLU BAN EXTENDED FOR ONE WEEK

Continued from Page One

Of the nineteen cases reported as of yesterday to the state board of health, ten were in the city, all of which had been reported to the city health secretary on Wednesday, and nine were in the county. All of the nine new cases were reported by Dr. John Green of Manilla. The epidemic seems to be especially severe in Homer, where a large number of new cases have been reported.

Dr. Kinsinger was very hopeful yesterday when no new cases were reported in Rushville, believing that the worst of the epidemic was over, but his hopes were blasted this morning when he received reports of twelve new cases, all of them having developed on Wednesday and Thursday, the majority of them on the latter day. The only good omen about the reports was that most of the cases were in homes where there are already patients suffering with the disease.

The fluctuating reports seem to be characteristic of this particular epidemic. On several occasions both here and elsewhere, health officers have been led to believe that the worst was over, only to find the very next day that they were mistaken. Once apparently under control, the epidemic breaks out in a new spot.

If the ban were let down, it is believed that the disease would make new inroads and that a much longer time would be required to check the epidemic than if the orders regarding public meetings were continued in effect. Furthermore, the lifting of the ban at this time might result in fatalities which will be avoided by continuing in the same course.

Not the least of the peculiarities of the influenza, is the fact that it almost invariably attacks the respiratory organs, resulting in catarrhal or bronchial pneumonia, rather than lobar pneumonia. Dr. Kinsinger said today, in comment on the situation. He also called attention to the fact that the disease nearly always attacks young adults. Children and old people have been practically free of the disease.

Thanks Red Red Cross

A "Gigi"—in other words an Italian doughboy—with three service stripes, entered the A. R. C. headquarters at Ancona, Italy, the other day. He did not have that natural Italian rush of words; he spoke in a nervous jumble of Italian. He thanked the Red Cross for the help which had been given his sister's family when they fled from the bloodthirsty Austrians. He ended, "I shall always think of you and be grateful to you. Excuse me"—and fled.

Notes of Woman's Section of State Defense Council

(Compiled by Mrs. Albert Rabb, Chairman Publicity Committee.)

The extremes in ideas of the work of the Publicity Committee have come into the office this week. One county woman reports that her Publicity Chairman had done nothing that "she said she didn't even know she was publicity chairman". The other publicity chairman announced the names of her committee in the county paper, and gave a long notice to the committee, explaining that as Chairman of publicity it was her duty to make two reports each month, one to the Chairman of the County Woman's Section, the other to the State Publicity Chairman; that it is most important that the record of all woman's activities in the county be reported in full that the "county may have recognition rightfully due to our loyal citizenship and to the patriotic and earnest women of our community".

There are several other counties whose publicity committees have proved themselves "live wires". The Publicity Chairman must understand her importance; she must realize that her enthusiasm and her determination to get "reports" will stimulate enthusiasm for work to provide material for these reports.

Again we must call attention to the fact that the Woman's Section, State Council of Defense is not recruiting for Hospital Assistants. We are instructed by the authorities at Washington to refer all applicants for both information and application blanks to Miss Annie W. Goodrich, Dean, Army School of Nursing, Office of the Surgeon General, Washington, D. C.

New Jersey's department of Child Welfare has been invited to assist in the wise and efficient expenditure of \$25,000 which the state has appropriated to increase the health and education of its rising generation. A definite plan is to be outlined for best means of using the money which has been available since July first of this year.

A letter from Food Headquarters warns us not to let our interest in the question of Food Conservation lag for an instant. Mr. Hoover, as a result of his recent trip to Europe has sent out a message of encouragement to the American people, but also one of warning. We must not regard the war as won; we must not consider our work as ended. American food shipments to Europe must be increased, and in consequence we must decrease our consumption of breadstuffs and meats. The Food Clubs and the women who manage them must still consider themselves one of the important weapons for winning the war.

Rhode Island's committee on Women in Industry has formed a sub-committee through which thousands of workers can be kept in touch with the plans and work of the department. Copies of state laws concerning labor in simplified form are being circulated and every girl is asked to report to the chairman any violation of these laws. Through the co-operation of the factory inspectors, the reported violations are quickly investigated, and if verified, are stopped. The eventual object of this workers' committee is to have thousands of mill workers sufficiently informed concerning the laws and necessity for their enforcement to constitute themselves inspectors and report violations. A second committee, one of tests, is part of the women in industry committee. The tests are used before and after the day's work. They are now being given to women farmers in the state, and will soon be applied to elevator girls, workers in metal factories, and all workers in dangerous munition plants.

DRY BILL STILL HELD UP

Washington, Oct. 25.—House and Senate conferees on the emergency agricultural appropriation bill with its amendments for national wartime prohibition, failed to break their deadlock on the rent profiteering section yesterday and decided to report a disagreement.

If food will win the war, it must first be produced. That is the farmers' big job.

MAY FIX CLOTHING PRICES.

Washington, Oct. 24.—Investigations preparatory to fixing prices on common articles of wearing apparel are being conducted by representatives of the various retail associations, Chairman Baruch of the war industries board said today. After the retailers have completed a set of recommendations the subject will be discussed with manufacturers.

DON'T LET A COLD KEEP YOU AT HOME

Dr. King's New Discovery
almost never fails to bring quick relief

Small doses once in awhile and that throat-tearing, lung-splitting cough soon quiets down. Another dose and a hot bath before jumping into bed, a good sleep, and back to normal in the morning.

Dr. King's New Discovery is well known. For fifty years it's been relieving coughs, colds and bronchial attacks. For fifty years it's been sold by druggists everywhere. A reliable remedy that you yourself can member of your family can take safely. 60c and \$1.20.

Train Those Stubborn Bowels
Help nature take its course, not with a violent, habit-forming purgative, but with gentle but certain and natural-laxative, Dr. King's New Life Pills. Tonic in action, it stimulates the lax bowels. Sold by druggists. 25c.

Vinol will Stop a Cough and Break Up a Cold

A constitutional remedy that removes the cause by building up the system. These elements, contained in Vinol—Beef and Cod Liver Peptones, Iron, Manganese and Glycerophosphates—soon create an energy that throws off the cold and prevents its recurrence. It has given ninety per cent satisfaction for sixteen years. HERE IS PROOF:

Dunn, N.C. "I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time. It made me eat and sleep well, better every day."—J. C. Bagley, Dunn, N.C.

Lagrange, N.C. "For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. REN, Lagrange, N.C.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

TO GET SOLDIERS BACK ON FARMS

Purpose Of Bill Appropriating Million Dollars To Survey Lands For Returning Fighters.

OPPORTUNITY FOR OTHERS

Legislation Is Intended To Promote As Nothing Else Would Back-To-The-Farm Spirit.

The Indiana State Council of Defense Publicity bureau authorizes the following:
Secretary of the Interior, Franklin K. Lane, head of the Field Division of the National Defense personally and urgently requests that the following be given the widest possible publicity:

"The Committee on Public Lands of the senate has unanimously reported in favor of a bill appropriating a million dollars to make surveys of farms for returning soldiers. In its report the committee says the proposed legislation is for the purpose of providing an opportunity to procure homes for those of our returning sailors and soldiers who may wish them upon their return from the war, as well as giving a like opportunity to thousands of workers in munitions factories and other war industries who at the conclusion of the war will be out of employment. It is intended to promote, as nothing else ever has, the back-to-the-farm spirit. It is recognized that one of the great evils of the times in our country is the overcrowding and congestion of people in the cities, many of whom are utterly unfitted for city life and not adapted to the vocations thereof. After the war this undesirable condition will be greatly intensified. Further, there will be hundreds of thousands of young men who will return from service in our army and navy who will be out of employment and for whom there will be no jobs or positions. In addition, there will be thousands and thousands of men and women, now employed in munition factories and other war industries which will have to close at the end of the war, who will be out of employment. Many of them will have some means which they will have saved at their employment and with which they could locate upon and improve land and engage in agriculture, horticulture, or live stock raising. All of the above described classes of people will be needed on the land. The land will need them and they will need the land. It should be the object of the government, and it is the object of this proposed legislation, to provide them with the opportunity of getting on the land. Furthermore, the undertaking which this proposed legislation contemplates, if embarked upon by the government, would afford employment to thousands of men who will be out of employment at the termination of the war, when there will be a scarcity of employment in this country and when the idle will be clamoring for employment.

"This bill is in line with proposed legislation suggested by the secretary of the interior, and the committee believes it of great importance. The committee further believes that it should be attended to in ample time and that no time should be lost in doing so. The war may end in another year, and if this scheme is to be embarked upon at all no time should be lost in doing so. The committee believes the proposed legislation and the undertaking contemplated thereby to be of great and vital importance to the country and a great and valuable economic program."

BARON BURIAN OUT.

(By United Press.)
Paris, Oct. 25.—Count Andrássy has succeeded Baron Burian as Austro-Hungarian foreign minister, it was reported in a dispatch from Berne today.

GET NEWS AT ALEXANDRIA.

CONFERENCE OF ALLIES TO TAKE PLACE

Continued from Page One
nations arrayed against Germany might be expected as soon as the greater questions involved would permit. Officials, however, refused to speculate today on the time required.

That Germany might block the preparation of armistice plans by a note refusing to accept the terms outlined by President Wilson in his reply has not been disregarded. In some quarters the belief was reiterated today that Germany has not as yet reached the point in the decline of military strength where she would accept an armistice looking toward peace at any price. Increasing pressure by the German people to end the war before another winter sets in was regarded by others as daily making it more difficult for the government to do other than permit the terms of an armistice to be laid down at last.

Details of an armistice can be arranged prior to the reaching of a complete agreement on terms of peace, it was pointed out, and such details may be announced while the basis of peace is being worked out.

The conditions involved in an armistice to be applied to the long extent of western, Italian, and other fronts, to naval preparations, including activities of submarines, to making munitions and supplies, to the setting up of guaranties, and safeguards against resumption of hostilities with any advantage to the enemy, are so numerous that officials decline to speculate on their nature. The part which the United States will take in arranging the armistice details can be handled by representatives of the army and naval establishments now in Europe. Should political questions be involved, representatives of the President are available to meet with the entente premiers.

Demand Abdication.

Paris, Oct. 25.—Enormous crowds gathered before the Reichstag in Berlin demanding the abdication of the kaiser and establishment of a republic, according to dispatches from Zurich.

The crowds collected to pay tribute to Karl Liebknecht, socialist leader recently released from prison where he had been sentenced for political opposition to the German government.

Wild with tears Liebknecht declared: "The people's hour has arrived."

MASK ORDINANCE.

San Francisco, Oct. 25.—An ordinance compelling the wearing of gauze masks by every person in San Francisco as a means of preventing the spread of the influenza epidemic was passed yesterday by the board of supervisors at the request of the board of health. Penalties for violation are fines ranging from \$5 to \$100, or ten days' imprisonment, or both.

TO SAVE MEAT

A serving of meat or poultry once a day is enough.
No family of five should buy any meat until it has bought 3 quarts of milk.
Use all left overs. Make soups.
When you buy meat get the lighter cuts which do not keep so well for shipment abroad.
Remember there are parts like livers, hearts, tripe, sweet breads and brains which should be used.
Make a little meat go a long way. "Extend" its flavor. Other things, such as vegetables (especially potatoes) can be accompanied with meat.

Justifiable Vanity

Every man likes to meet a friend who says: "That's a good looking suit you have on!"
And yet the same man will deny the statement that he has a touch of vanity in his make up.
One likes to look young as long as possible and to feel that his neighbor thinks he looks young. His mirror is his father confessor.
This is what we call "justifiable vanity" in man—just as it is in woman. In their style and carefully selected fabrics, their skillful tailoring and easy fit, Roberts-Wicks Clothes present a marked difference from any other ready-to-wear clothes.
Fall and Winter Suits and Overcoats
\$25 to \$40.
